Subject index*

A

African Americans

Coping with depression: African American perspective (Doss). 2004;10:254-255 (Point of View)

Aggression

Violence on inpatient psychiatric units: state of the science (Johnson). 2004;10:113-121

Alzheimer's disease

Making the paradigm shift: enhancing communication for clients with Alzheimer's disease using a client-centered approach (Romano). 2004;10:81-85

American Psychiatric Nurses Association

American Psychiatric Nurses Association position statement: mandatory outpatient treatment (APNA Board of Directors). 2004;10:251-253

Anger management

Anger management: a holistic approach (Dunbar). 2004;10:16-23

Antipsychotic treatment

Managing the clinical consequences of psychiatric illness and antipsychotic treatment: a discussion of obesity, diabetes, and hyperprolactinemia (Vreeland and Kim). 2004;10:S17-S24

Autism

Autism (Valente). 2004;10:236-243

B

Behavior therapy

Anger management: a holistic approach (Dunbar). 2004;10:16-23

Bipolar spectrum

Demystifying the disease state: understanding diagnosis and treatment across the bipolar spectrum (Lewis). 2004;10:S6-S15

Bullying

Teasing and bullying experiences of middle school students (Horowitz et al). 2004;10:165-172

C

Childhood

Autism (Valente). 2004;10:236-243

Cognitive impairment

Assessment of depression and cognitive impairment among elders in rural housing facilities (Fisher and Shumaker). 2004;10:67-72

Communication

Making the paradigm shift: enhancing communication for clients with Alzheimer's disease using a client-centered approach (Romano). 2004;10:81-85

Mental health care experiences: listening to families (Jensen). 2004;10:33-41

Computers

Informatics competencies: essential for psychiatric nursing practice (Repique). 2004;10:61-66

Continuing education

Continuing education: autism (Valente). 2004;10:244-246

Continuing education: demystifying the disease state: understanding diagnosis and treatment across the bipolar spectrum (Lewis). 2004;10:S25-S26

Continuing education: the effect of disturbing illness behaviors on siblings of persons with schizophrenia (Lively et al). 2004:10:233-235

Continuing education: managing the clinical consequences of psychiatric illness and antipsychotic treatment: a discussion of obesity, diabetes, and hyperprolactinemia (Vreeland and Kim). 2004;10:S26-S28

Coping

Coping with depression: African American perspective (Doss). 2004;10:254-255 (Point of View)

Cyclothymia

Demystifying the disease state: understanding diagnosis and treatment across the bipolar spectrum (Lewis). 2004;10:S6-S15

D

Depression

Assessing suicide ideation: comparing self-report versus clinician report (Yigletu et al). 2004;10:9-15

Assessment of depression and cognitive impairment among elders in rural housing facilities (Fisher and Shumaker). 2004;10:67-72

Coping with depression: African American perspective (Doss). 2004;10:254-255 (Point of View)

Developmental disorders

Autism (Valente). 2004;10:236-243

Diabetes

Managing the clinical consequences of psychiatric illness and antipsychotic treatment: a discussion of obesity, diabetes, and hyperprolactinemia (Vreeland and Kim). 2004;10:S17-S24

*February, 1-44; April, 45-92; June, 93-144; June Supplement, S1-S28; August, 145-204, October, 205-264; December, 265-328.

E

Editorial

Some reflections (Sills). 2004;10:163-164

Ubiquitous change (Sills). 2004;10:219-220

Education

A psychiatric nursing conference to increase knowledge related to genomics (Pestka et al). 2004;10:290-295

Elderly

Assessment of depression and cognitive impairment among elders in rural housing facilities (Fisher and Shumaker). 2004;10:67-72

Evaluation

Mental health care experiences: listening to families (Jensen). 2004;10:33-41

F

Farewell

Sayonara, au revoir, arrivederci, auf wiedersehen, farewell, and thanks for the memories (Polis and Sills). 2004;10:279

G

Genomics

A psychiatric nursing conference to increase knowledge related to genomics (Pestka et al). 2004;10:290-295

Grief

The lived experience of loss: a phenomenological study (Douglas). 2004;10:24-32

Group training

Using nursing theory and a structured psychoeducational curriculum with inpatient groups (Potter et al). 2004;10:122-128

H

Hospitalization

Assessing suicide ideation: comparing self-report versus clinician report (Yigletu et al). 2004;10:9-15

Hyperprolactinemia

Managing the clinical consequences of psychiatric illness and antipsychotic treatment: a discussion of obesity, diabetes, and hyperprolactinemia (Vreeland and Kim). 2004;10:S17-S24

I

Inpatient groups

Using nursing theory and a structured psychoeducational curriculum with inpatient groups (Potter et al). 2004;10:122-128

Inpatient psychiatry

Suicide and other risk monitoring in inpatient psychiatry (Temkin and Crotty). 2004;10:73-80

Intervention

Psychiatric inpatient suicide: focus on intervention (Billings). 2004;10:190-192 (Professional Progress Notes)

J

JAPNA

Remembering the first decade of JAPNA (Sills). 2004;10:281

L

Legal and ethical considerations

Mandatory outpatient treatment (Wysoker et al). 2004; 10:247-250

Mental health parity (Wysoker). 2004;10:193-194

Legislation

Advanced practice psychiatric nurses: 2004 legislative update (Haber et al). 2004;10:298-310 (Briefing)

Letters to the editors

Letters to the editors (Greninger). 2004;10:221

Letters to the editors (Hogan). 2004;10:53-54 (Letter Reply)

Letters to the editors (Jarasek). 2004;10:280

Letters to the editors (Valentino). 2004;10:53

Loss

The lived experience of loss: a phenomenological study (Douglas). 2004;10:24-32

M

Mania

Demystifying the disease state: understanding diagnosis and treatment across the bipolar spectrum (Lewis). 2004;10:S6-S15

Mental health

Bridging the gap between mental and physical health (Vreeland). 2004;10:S16

Development of psychiatric–mental health nurse practitioner competencies: opportunities for the 21st century (Wheeler and Haber). 2004;10:129-138

Mental health care experiences: listening to families (Jensen). 2004;10:33-41

Middle school students

Teasing and bullying experiences of middle school students (Horowitz et al). 2004;10:165-172

Monitoring

Suicide and other risk monitoring in inpatient psychiatry (Temkin and Crotty). 2004;10:73-80

N

Nonpharmacological abuse treatment

State of the science: women and the nonpharmacological treatment of substance abuse (Gerolamo). 2004;10:181-189

Nursing staff

Profiling the hospital-based psychiatric registered nurse workforce (Hanrahan and Gerolamo). 2004;10:282-289

Psychiatric nurses: transitioning from student to advance beginner RN (Waite). 2004;10:173-180

Remember when (Glodstein). 2004;10:256 (Point of View)

O

Obesity

Managing the clinical consequences of psychiatric illness and antipsychotic treatment: a discussion of obesity, diabetes, and hyperprolactinemia (Vreeland and Kim). 2004;10:S17-S24

Orlando nursing theory

Using nursing theory and a structured psychoeducational curriculum with inpatient groups (Potter et al). 2004;10:122-128

Outpatient treatment

American Psychiatric Nurses Association position statement: mandatory outpatient treatment (APNA Board of Directors). 2004;10:251-253

Mandatory outpatient treatment (Wysoker et al). 2004;10:247-250 (Legal and Ethical Considerations)

P

Patient education

Evaluation of adequacy of reading level and readability of psychotropic medication handouts (Myers and Shepard-White). 2004;10:55-60

Phenomenology

The lived experience of loss: a phenomenological study (Douglas). 2004;10:24-32

Point of view

Coping with depression: African American perspective (Doss). 2004;10:254-255

Remember when (Glodstein). 2004;10:256

Policy and politics

Strategic use of political influence: endorsement of political candidates (Haber). 2004;10:195-196

Professional progress notes

Psychiatric inpatient suicide: focus on intervention (Billings). 2004;10:190-192

Reflections on the art of nursing (Billings). 2004;10:296-297

Psychiatric nursing

Development of psychiatric–mental health nurse practitioner competencies: opportunities for the 21st century (Wheeler and Haber) 2004;10:129-138

Informatics competencies: essential for psychiatric nursing practice (Repique). 2004;10:61-66

Profiling the hospital-based psychiatric registered nurse workforce (Hanrahan and Gerolamo). 2004;10:282-289

Psychiatric nurses: transitioning from student to advance beginner RN (Waite). 2004;10:173-180

Violence on inpatient psychiatric units: state of the science (Johnson). 2004;10:113-121

Psychiatric units

Violence on inpatient psychiatric units: state of the science (Johnson). 2004;10:113-121

Public housing

Assessment of depression and cognitive impairment among elders in rural housing facilities (Fisher and Shumaker). 2004;10:67-72

R

RAIN manual

Evaluation of adequacy of reading level and readability of psychotropic medication handouts (Myers and Shepard-White). 2004;10:55-60

Reading

Evaluation of adequacy of reading level and readability of psychotropic medication handouts (Myers and Shepard-White). 2004;10:55-60

S

Schizophrenia

The effect of disturbing illness behaviors on siblings of persons with schizophrenia (Lively et al). 2004:10:222-232

Siblings

The effect of disturbing illness behaviors on siblings of persons with schizophrenia (Lively et al). 2004:10:222-232

Suicide

Assessing suicide ideation: comparing self-report versus clinician report (Yigletu et al). 2004;10:9-15

Psychiatric inpatient suicide: focus on intervention (Billings). 2004;10:190-192 (Professional Progress Notes)

Suicide and other risk monitoring in inpatient psychiatry (Temkin and Crotty). 2004;10:73-80

T

Teasing

Teasing and bullying experiences of middle school students (Horowitz et al). 2004;10:165-172

Technology

Informatics competencies: essential for psychiatric nursing practice (Repique). 2004;10:61-66

V

Violence

Violence on inpatient psychiatric units: state of the science (Johnson). 2004;10:113-121

W

Women

State of the science: women and the nonpharmacological treatment of substance abuse (Gerolamo). 2004;10:181-189
